Total Cumulative Expenditures	\$6,155.00
Current Period Obligations	\$2,055.00
Current Period Expenditures	\$2,055.00
Project Description	Site planning to make the County Campus function more efficiently for the public

Project Name: Upgrade to IT software and hardware

Project Identification Number	6.1.0001
Project Expenditure Category	6-Revenue Replacement
Project Expenditure Subcategory	6.1-Provision of Government Services
Status To Completion	
Adopted Budget	\$380,000.00
Total Cumulative Obligations	\$380,000.00
Total Cumulative Expenditures	\$182,228.81
Current Period Obligations	\$305,154.41
Current Period Expenditures	\$123,525.60
Project Description	The proposed upgrades to the power supply redundancy and server capacity, along with extending and securing the network increase the county's ability to respond to situations like we faced with the lockdown. Redundancy means that should there be power interruptions in one area, we can compensate. Increasing server capacity means that should we need to disperse to work remotely, we can do the work the county needs without compromise or interruption. The same is true with extending the network to the judicial building. This will allow for trials to continue in a safe and secure manner and avoid the backlog of cases we still face, as well as potentially shortening the amount of time people are incarcerated.

Project Description	Body Scanner (Tek 84) assesses temperature and performs low level x-ray in place of body cavity searches.
What Impacted and/or Disproportionally Impacted population does this project primarily serve?	1 Imp General Public
Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	This isn't a program but a way to keep people who are incarcerated safer.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	This response minimizes prolonged contact on intake to the jail. This helps limit the spread of illness in the jail and limits the ability of inmates to smuggle drugs into the jail in a way that doesn't require body cavity searches.

Project Name: Time Clock Upgrade

Project Identification Number	3.4-0001
Project Expenditure Category	3-Public Health-Negative Economic Impact: Public Sector Capacity
Project Expenditure Subcategory	3.4-Public Sector Capacity: Effective Service Delivery
Status To Completion	Completed 50% or more

Total Cumulative Expenditures	\$15,644.50
Current Period Obligations	\$16,000.00
Current Period Expenditures	\$15,644.50
Project Description	Upgrade time clock system to address new COVID related precautions

Brief description of structure and objectives of assistance program(s), including public health or negative economic impact experienced	Time clock system impacts all of the Corrections Officers in the county Jail and many of the staff at the county. The new system is based on facial recognition with masks in place. This new system also cuts the amount of paper moved from one office to another limiting paper waste and potential transmission.
Brief description of recipient's approach to ensuring that response is reasonable and proportional to a public health or negative economic impact of Covid-19	This is not a capital expense. A time clock system is needed for the workers within the county this upgrade addresses the new reality of 'No Touch' systems while being cost effective.

Project Name: Premium Pay- County Employees

Project Identification Number	4.1:00001
Project Expenditure Category	4-Premium Pay
Project Expenditure Subcategory	4.1-Public Sector Employees
Status To Completion	Completed
Total Cumulative Obligations	\$573,796.79
Total Cumulative Expenditures	\$573,796.79
Current Period Obligations	\$0.00
Current Period Expenditures	\$0.00
Project Description	Hazard Pay for Essential County Workers. Essential workers are defined as "PERFORMING ESSENTIAL WORK DURING THE COVID-19 PUBLIC HEALTH EMERGENCY... WITHIN THE COUNTY TO COMPENSATE ELIGIBLE WORKERS FOR PERFORMING ESSENTIAL WORK."
Sectors Designated as Essential Critical Infrastructure Sectors	All of the employees paid work for Penobscot County. They represent the Sheriff's Dept., The Correctional Facility Staff, and office employees with public facing jobs that could not be done remotely.
Number of workers to be served	228
Premium Pay Narrative	The people paid represent essential services the County required to have operating through out the pandemic. This pay allowed them to continue coming to work during this time and rewarded them for the risks they were taking in doing so. The County government provides vital services such as a 911 call center, Sheriff's office, and a jail. These services were vital to the continuation of the county's public safety. None of these services could be delayed due to the lockdown or other emergency measures. This money helped keep people in the jobs they were doing under the most difficult situations. XX employees in supervisory or specialized positions received Hazard pay putting them above the 150% of the state's annual wage. These positions were crucial to operation of the County services. The personnel in those positions represent years of experience that could not be duplicated in other personnel or new hires. Maine Average annual wage according to US Bureau of Labor Statistics is \$51952. That makes 150%, \$77928
Number of workers to be served with premium pay in K-12 schools	0
